As a Product and UX/UI designer with over 5 years of experience, I am dedicated to leveraging design to drive innovation and growth. I have a proven track record of launching successful products and serving a diverse range of clients. I bring a results-driven mindset and a passion for creating exceptional user experiences to every project."

EXPERIENCE

Chief Executive Officer

— Sep 2019 - Sep 2022

Ayata Incorporation Pvt. Ltd. - New Baneshwor, Kathmandu

- Designed and developed custom software for more than 16 clientele which also included World Health Organization (WHO), World Wide Fund (WWF) and USAID.
- Conducted user research to gather insights and feedback from users, including surveys, interviews, and usability testing, resulting in a 30% increase in user satisfaction.
- Designed and maintained the company's design system, ensuring consistency and scalability across products and platforms.
- Created wireframes and high-fidelity prototypes to quickly iterate and test design ideas, resulting in a 50% reduction in development time.
- Conducted accessibility audits and implemented best practices to ensure that designs were usable by people with disabilities, resulting in compliance with WCAG 2.1 AA standards.
- Worked in an agile development environment, utilizing Jira and Slack, to ensure that design solutions were delivered on time and on budget.

Product Designer

— Aug 2018 - Aug 2019

Aavishkar Enterprises Pvt. Ltd. - Naya Bazar, Kathmandu

- Designed and developed intuitive and engaging user experiences for multiple platforms, including desktop and mobile applications for a recruitment agency, resulting in a 25% increase in user engagement.

Software Developer

— Sep 2017 - Jul 2018

Vianet Communications Pvt. Ltd. - Jawalakhel, Lalitpur

- Lead software development for Nepal Telecommunication Authority (NTA) free Wi-Fi project in Ministry of Communication and Information Technology (Nepal); configured external RADIUS server and developed user portal for authentication & accounting.
- Designed and developed a digital leave management system and employee requisition process.
